## About Babci's Pierogi

Mary Hidecavage, known to our family as Babci, left a lasting impression. Her ability to turn ordinary ingredients into extraordinary dishes remains unmatched. For years, she taught our family her secrets in the kitchen and today her legacy lives on. All our pierogi are hand-made using locally sourced, organic, and fresh ingredients.

We don't compromise on quality and taste, and each batch is made in our shared commercial kitchen space in Stoneham, MA. We offer Potato & Cheese, Cheese, Seasonal Blueberry, Apple, and Cabbage flavors, ensuring that everyone is able to taste a little bit of home with each bite.

Our products have been a favorite at the local farmers markets, sell out at our pierogi pop-up events we have in collaboration with local breweries, and our catering for private and corporate events has grown our customer base to ask us "where can we buy these." We know your customers will love these pierogi as much as we do.
